You don't go in debt here when you buy men's women's and children's clothing on credit.

Our system isn't an asylum for improvident people. Nor for people who cannot pay their bills. It is purely and simply a helper—a bridge that spans time—and waits for your income to do what your bank account couldn't do -or what we don't expect it to do. We don't want cash—indeed we don't! Credit is our business—and we have so systematized and perfected the plan that the accommodation costs nothing extra.

Suits at a Saving of One-fourth.

Women's \$30 Suits, \$22.50
The result of a special purchase of

Women's Suits will be offered you tomorrow in the form of a sale of the newest Broadcloth Suits, in black, blue, green, brown and garnet, with 23inch form-fitting coats, lined with taffeta silk, and together with 18-gore skirt, are trimmed with wide and soutache braid in medallion effects. Men's Suits and Overcoats.

The character of our Clothing presents strong arguments-arguments which will convince you of their worth. Scan them ever so carefully, yet with each look will be revealed another element of superiority.

Our \$10 Suits and Overcoats are of so high a standard of excellence that none short of a high grade custom tailor can equal them-and even he does not pretend to do it at double our price. If you would see these \$10 Suits and Overcoats made with our new military shoulders and close-fitting collar, you would be prompt to indorse our claim of superiority.

Chrysanthemum Show Scheduled for This Week.

EXCELLENCE OF RESULTS

Department of Agriculture and Propagating Gardens.

TWO NAMED BY MRS. ROOSEVELT

Several Novel French Flowers Introduced During the Year-Pompons Receive Special Attention.

Lovers of flowers especially will be interested in the announcement that the an nual chrysanthemum shows of both the Department of Agriculture and the propagating gardens of the government's public grounds department are scheduled for this week. Beginning tomorrow and continuing six days, from 9 o'clock a.m. until 9:30 p.m., the hot houses of the Department of Agriculture will be open to the public. Beginning next Thursday and continuing for one week, the houses of the propagating gardens will be open from 8:30 o'clock a.m. until 5 o'clock p.m. every day, in-

The exhibit at the propagating gardens, in rear of the bureau of engraving and 2,000 plants, each one of which has received special attention during the entire season. Of the number there are fully 120 varieties,

George H. Brown, head gardener under Bromwell, the officer in charge of buildings and grounds, has had direct charge of the flowers, and he regards the results as being very satisfactory. W. Furmage, gardener, has had special charge of the chrysanthemums, and he has received many congratulations on the excel-lence of the results.

Named by Mrs. Roosevelt.

Two of the new varieties have been tened Chrysos, because of its rich gold it did not produce the results obtained in color, and the other Lou Dillon, after the some years. race horse. It is a large white blossom.

and red on the other, is to be seen.

Some of the older varieties which will be displayed are the Amateur Rozieres, a son, a large white blossom, with long

Other House to Be Open.

The other houses of the propagating gardens will also be open during the exhibition. The exhibits of crotons, ferns and printing building, will include more than roses, it is stated, will be worthy of a visit.

At the Department of Agriculture's houses Superintendent E. M. Byrnes, who is in charge, tried an experiment the past summer, which, owing to the unusually wet season, did not prove entirely successful. In previous years it was found that the hot sun beating down on the plants kept outdoors wilted and dried up the leaves. There-fore, it was determined that during the past summer the plants should be kept under a thin cheese cloth for protection from the direct rays. As it happened, how-ever, the summer was an unusually wet Two of the new varieties have been one and, therefore, the experiment of the named by Mrs. Roosevelt. One is chris-

placards. Electric lights have been in

on the same root instead of one, as is usual. One of the new varieties is the Sappho, a

ALEXANDRIA AFFAIRS

RAILROAD LOCOMOTIVE MOVES OFF THE TRACKS.

Joseph A. Mingen Meets With Serious Accident-Lost Jewelry Recovered-General Matters.

ALEXANDRIA, Va., November 3, 1906. A big locomotive of the Southern Railway Company shortly after 9 o'clock this evening moved off the turn table near the corner of Henry and Wilkes streets and plowed its way across the street, dragging the tender. The distance covered by the engine was about half a square. The locomotive was standing on the turn table preparatory to being taken out when, without warning, it started, brushing aside a high board fence and going over the sidewalk, stopping at the curbing on the opposite side of the

The noise made by the engine caused consternation in the neighborhood, some thinking it might force its way through two frame houses. The locomotive plowed up cobblestones and the tender sank several inches. A defective throttle is supposed to have been responsible for the proceedings. Several pedestrians had narrow escapes. A force of workmen were engaged late tonight in removing the engine back to the turn

Meets With Serious Accident.

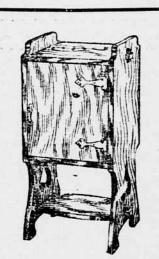

Joseph A. Mingen shortly after 9 o'clock this evening had his right leg almost severed while attempting to board a rapidly moving northbound electric train of the Washington, Alexandria and Mount Vernon electric railway. Mr. Mingen ran from the corner of King and Pitt streets in order to catch the car and either fell or missed his footing. The wheels of the rear car passed over the leg. He was picked up and Dr. Walter Warfield, who was nearby, rendered what assistance he could. Afterward Mr. Mingen was conveyed to the Alexandria Hospital, where the leg was amputated above the knee by Dr. W. M. Smith. The accident happened on King street between

Croson and Conductor Thomas. Mr. Mingen is about twenty years of age and was employed at the Old Dominion glass works. He resides at 721 Queen street Small Child Finds Bracelet.

The bracelet lost yesterday by Mrs. Milton Alexander of Lancaster, Pa., was found later by Mary Lennon, twenty-one months of age, on a car of the Washington, Alexandria and Mount Vernon Electric Railway andria and Mount Vernon Electric Railway
Company, and was turned over to Mr. C. C.
Leadbeater, son-in-law of Mrs. Alexander.
Mr. Lennon and his little girl were going to
Washington. The child noticed the sparkling object on the floor and at once picked
it up and commenced playing with it. The
reward offered was declined by Mr. Lennon.
The bracelet was studded with diamonds
and was valued at \$250. Mrs. Alexander,
who had been visiting her daughter Mrs. who had been visiting her daughter, Mrs Leadbeater, 414 North Washington street departed this morning for Lancaster, Pa. She was notified by wire of the recovery of

and obstructing the sidewalk. Some them, the complaints stated, were disor-derly. A week ago the police made more than forty arrests, but they say their action does not seem to have served as a proper warning to others, and last night they made several raids. The result was that three dozen arrests had been made before midnight. Some of the persons ar-rested were able to deposit collateral for their appearance and were released. Others were placed in the cells and the result was that there was but little room in the sta-tion for other prisoners.
